1. Supported up to 4 simultaneous calls per repeater. (W70B, W60B_E2)

3. Optimization

1. Optimized the stability of the RT30 signal.

4. Bug Fixes

None

5. Features Descriptions

1. **Supported up to 4 simultaneous calls per repeater. (W70B, W60B_E2)**
Description: After upgrading the base and handsets to the supported version,

RT30 can support up to 4 simultaneous calls in the narrowband mode.

Do one of the following to enable this feature:

- Parameter configuration: *base.active_handset.number=10*
- On the RT30 web user interface, go to **Features -> General Information -> Number of Active Handsets**, and set the value to 10.
