

Yealink

WHM631 with Charging Cable

DECT Wireless Headset

Quick Start Guide
V1.3

1 Package Contents

Earhook & Eartips

Quick Start Guide

USB-A

WHM631 with Charging Cable

Charging Cable 1.2 M

*Neckband and headband are optional for more wearing styles.

Note: We recommend that you use the included accessories, because other accessories may have compatibility issues that prevent them from working properly.

2 Charging the Headset

LED Indicator

Battery Charge Level	<20%	≥20 and <100%	Full
LED	Flash Red	Flash Green	Green

Note: It takes approx. 3 hours to fully charge the headset.

3 Powering on/off

4 Registering the Headset to W90/W80 DECT Manager (DM)

- 1 Put the DM into registration mode.

On the W90/W80DM web user interface, go to **Handset & Account->Handset Registration->Add Handset->Start Register Handset** to put the base into the registration mode.

- 2 Put the headset into registration mode.

Power off state

After the headset and DM are all in the registration mode, the headset will automatically register to the DM.

5 Pairing the Headset with a Handset

You can pair the headset with a handset registered on the DM. The headset will get the same extension number as the handset.

On the W90DM/W80DM web user interface, go to **Handset & Account->Handset Registration->Edit->Paired Terminal**.

Note: The handsets need to be registered on the DM first.

6 Usage

①	Mute or unmute your microphone	Press the Mute Button
②	Answer or end a call	Press the Call Control Button
	Reject a call	Press the Call Control Button twice when receiving a call
	Redial a call	Press the Call Control Button twice when the headset is in the idle status (*Available when PTT is off)
③	Volume up or down	Slide up or down

7 Wearing the Headset

Eartip wearing style: easier to wear

Right Ear (ready to use out of the box)

Left Ear

Earhook & Eartip wearing style: to enhance wearing stability

Right Ear

Regulatory Notices

- Operating temperature: +32 to 104°F (0 to 40°C)
- Relative humidity: 5% to 90%, noncondensing
- Storage temperature: -22 to +158°F (-30 to +70°C)

Warranty

Our product warranty is limited only to the unit itself, when used normally in accordance with the operating instructions and the system environment. We are not liable for damage or loss resulting from the use of this product, or for any claim from a third party. We are not liable for problems with Yealink device arising from the use of this product; we are not liable for financial damages, lost profits, claims from third parties, etc., arising from the use of this product.

DC symbol

⎓ is the DC voltage symbol.

Restriction of Hazardous Substances Directive (RoHS)

This device complies with the requirements of the EU RoHS Directive. Statements of compliance can be obtained by contacting support@yealink.com.

Safety Instructions

Save these instructions. Read these safety instructions before use!

The following basic safety precautions should always be followed to reduce risk of fire, electrical shock, and other personal injury.

Environmental Requirements

- Place the product on a stable, level and non-slip surface.
- Do not place the product close to heat sources, in direct sunlight or next to any house hold appliance with strong magnetic field or electromagnetic field, such as a microwave oven or a refrigerator.
- Do not allow the product to come into contact with water, dust and chemicals.
- Protect the product from aggressive liquids and vapors.
- Do not place the product on or near any inflammable or fire-vulnerable object, such as rubber-made materials.
- Do not install the product in rooms with high humidity, for example, in bathrooms, laundry rooms and wet basements.

Safety Notes During Operation

- Use only spare parts and accessories supplied or authorized by Yealink. The operation of non-authorized parts cannot be guaranteed.
- Do not place heavy objects on top of the handset or the base station in case of damage and deformation caused by the heavy load.
- Do not open the handset or the base station by yourself for repair purpose, which could expose you to high voltages. Have all repairs carried out by authorized service personnel.
- Do not let a child operate the product without guidance.
- Keep the small accessories contained in your product out of reach of small children in case of accidental swallowing.
- Before plugging or unplugging any cable, make sure that your hands are completely dry.
- Do not hold the handset up to your ear when speakphone is on or when the ringer is ringing as the volume can be very loud, which may be harmful to your hearing.
- During a thunderstorm, stop using the product and disconnect it from the power supply to avoid lightning strike.
- If the product is left unused for a rather long time, disconnect the base station from the power supply and unplug the power adapter.
- When there is smoke emitted from the product, or some abnormal noise or smell, disconnect the product from the power supply, and unplug the power adapter immediately.
- Remove the electrical cord from an outlet by pulling gently on the power adapter, not by pulling the cord.

Battery Precautions

- Do not immerse the battery into water, which could short-circuit and damage the battery.
- Do not expose the battery to an open flame or leave the battery where it could be subjected to extremely high temperatures, which could cause the battery to explode.

- Do power the handset off before removing the battery.
- Do not try to use the battery for the power supply of any device other than this handset.
- Do not open or mutilate the battery, released electrolyte is corrosive and may cause damage to your eyes or skin.
- Use only the rechargeable battery pack delivered with the handset or those rechargeable battery packs expressly recommended by Yealink.
- Defective or exhausted battery should never be disposed of as municipal waste. Return old battery to the battery supplier, a licensed battery dealer or a designated collection facility.

Notices of Cleaning

- Before cleaning the base station, stop using it and disconnect it from the power supply.
- Remove the battery before cleaning the handset to reduce risk of electric shock.
- Only clean your product with a piece of slightly moist and anti-static cloth.
- Keep the power plug clean and dry. Using a dirty or wet power plug may lead to electric shock or other perils.

ENVIRONMENTAL RECYCLING

Never dispose of the device with domestic waste

Ask your Town Council about how to dispose of it in an environmentally friendly way. The cardboard box, plastic packaging and player components may be recycled in accordance with prevailing recycling regulations in your country.

Always adhere to prevailing regulations

Those who fail to do so may be fined or prosecuted in accordance with the law. The crossed out garbage can that appears on the device means that when it has reached the end of its useful life, it should be taken to a special waste disposal center and treated separately to general urban waste.

Batteries: Be sure that the batteries have been placed in the right position. This phone uses rechargeable batteries only.

Compulsory information according to regulations for battery-operated devices. Caution: Risk of explosion if battery is replaced with a battery of a wrong kind. Dispose of batteries in accordance with the instructions.

Troubleshooting

The unit cannot supply power to Yealink device.

There is a bad connection with the plug.

1. Clean the plug with a dry cloth.

2. Connect it to another wall outlet.

The usage environment is out of operating temperature range.

1. Use in the operating temperature range.

The cable between the unit and the Yealink device is connected incorrectly.

1. Connect the cable correctly.

You cannot connect the cable properly.

1. You may have connected a wrong Yealink device.

2. Use the correct power supply.

Some dust, etc., may be in the port.

1. Clean the port.

Contact your dealer or authorized service facility for any further questions.
